### **I. Report on JACAR's 10<sup>th</sup> Anniversary Symposium: "Retrospect and Prospect – The 10 Years of JACAR"**

On November 18<sup>th</sup> 2011, JACAR held an international symposium commemorating its 10th anniversary at Waseda University's Ono Auditorium. We were honored to have Columbia University Professor Emeritus Donald Keene as the keynote speaker alongside four distinguished panelists both from inside and outside of Japan. Thanks to our panelists as well as the 157 people who attended the symposium, it was an enjoyable and intellectually stimulating day. For a more detailed summary of the proceedings, please see our homepage [here](#).

We are also excited to announce that by the end of March we will release a publication commemorating JACAR's 10th anniversary, although it is in Japanese only.
